

CANDLE LIGHTERS GHOST HOUSE

SCHOOL SCARECROW CONTEST

PRESENTED BY

Fremont  Flowers

This is a great **STEAM** (science, technology, engineering, art, math) project. Your class works together to design a scary, silly, traditional or high-tech scarecrow! **Open to all K-12 classrooms in Fremont, Newark and Union City!**

DESIGN A SCARECROW

Students work in teams to design a cool scarecrow. Then your class chooses their favorite design. Think about materials your scarecrow will need. (PVC pipes work great as a framework.) What else will you need?

BUILD YOUR SCARECROW

Everyone in class works together to gather supplies and make an amazing scarecrow! **Scarecrow needs to be no more than 4 feet high and must be self-standing.**

DISPLAY YOUR SCARECROW

Bring your completed class scarecrow to the Candle Lighters Ghost House on **Sunday, October 28 between 1:00 PM - 4:00 PM.** It will be on display on our Scarecrow Hill for judges and our visitors to admire. Winners will be announced at 6:00 PM!
